The complaint portal is designed to help students raise issues related to hostel and mess facilities in an organized manner. Students can file a new complaint under appropriate categories like "Hostel" or "Mess" and describe the issue they are facing. Each complaint is timestamped and tracked through its status.

A "Pending" status indicates that the complaint has been registered but has not yet been addressed or resolved. It is still under review or awaiting action from the concerned authorities.

A "Resolved" status means that the issue raised in the complaint has been successfully handled or fixed by the administration. It reflects a completed action and ensures the student's concern has been taken care of.

Thank You!
